

# CCDC SEMINARS — SÉMINAIRES

**April 25, 2018**

CANB Moncton North East  
297 Collishaw St, Moncton, NB

Conducted by CCDC members and contributors to CCDC documents, these CCDC Seminars feature both a morning and afternoon session, as well as a bonus luncheon presentation on new and updated CCDC documents.

## **Morning Session**

- Understand the key differences between various project delivery methods, including design-bid-build, design-build, and construction management
- Articulate important considerations when selecting a project delivery method
- Compare the critical conditions for the effective use of each project delivery method
- Learn how to choose the best project delivery method
- Have an industry-first look at the new CCDC 30 'Integrated Project Delivery Contract' and understand the roles and responsibilities of the parties under an IPD project

## **Afternoon Session**

- Understand the best practices during the procurement and contracting process
- Recognize key steps to avoid misunderstandings, disputes and delays
- Learn how specifications can be effectively used in the procurement and contracting process
- Identify recommended wordings for key stages of procurement
- Have a hands-on look at CCDC's first Master Specification, and an understanding of its use in the procurement and contracting process
- Understanding some of the key changes to CCDC 23 and its recommended best practices
