Skilled Trades Exploration Program for Women (STEPW)

New Boots is proud to partner with J.D. Irving, Limited (JDI) and Apprenticeship and Occupational Certification Branch (AOC/PETL) to present a new targeted **Skilled Trades Exploration Program for Women (STEPW)**.

STEPW is looking to recruit **10 women** who are interested in exploring and pursuing a skilled trade in New Brunswick. Note - key skilled trades are targeted for this first cohort, such as: **Electrician, Industrial Mechanic (Millwright), Instrumentation, Steel Fitter / Welder, Truck and Transport Mechanic / Diesel Mechanic.**

No skilled trades experience is required.

Contact us if you have any questions about a particular trade or STEPW.
Apply online through JDI Careers. **Program applications due April 21, 2019.**

For more information and to apply:

<https://careers.jdirving.com/jobs/skilled-trades-exploration-program-for-women-11382>

IRVING

PROGRAM FOR WOMEN

New Brunswick Women, are you looking to get into a Skilled Trades career? Are you currently underemployed and looking to up-skill? This is your opportunity!

J.D. Irving, Limited presents a new targeted
Skilled Trades Exploration Program for Women
in partnership with New Boots and AOC

Program Entails:

- 1** Apply online by April 21, 2019 and successful candidates will be contacted for interviews at the end of April.
- 2** Attend Skilled Trades Exploration and Job Readiness Training at NBCC Saint John (May - August 2019) with guaranteed employment as an apprentice upon successful completion of the training. Government financial support is available. Training hours are credited towards Apprenticeship.
- 3** Gain hands-on practical Skilled Trades experience through employment with a J.D. Irving, Limited business (August - December 2019) to gain hours towards Apprenticeship. Mentorship and New Boots program services are available to you.
- 4** J.D. Irving, Limited support through Apprenticeship Block Release (Winter 2020)

Trades Available in the Saint John area:

- Electrician
- Industrial Mechanic / Millwright
- Instrumentation
- Steel Fitter / Welder
- Truck and Transport Mechanic / Diesel Mechanic

**Learn and work close
to home!**

CONFERENCE AND TRAINING DAY

leanWORKS

MONTRÉAL

April 30 – May 2, 2019

Lean can help deliver construction projects more efficiently while increasing productivity in all aspects of a project. The training day familiarizes the attendees with some of the key techniques while the conference sessions enable learning from other practitioners. For many, meeting other practitioners and being able to talk to some of the leading experts in this field are the key benefits.

TRAINING DAY Tuesday, April 30

Choose between 3 tracks for hands-on training

- Advanced Lean Boot Camp
- AGC Lean Construction Education Program – 5: Lean Supply Chain and Assembly
- Lean construction: generating productivity gains on job sites (run in French)

CONFERENCE Wednesday, May 1 – Thursday, May 2

Over 20 sessions ranging from Lean journeys and case studies to Kata, Kanban, integrated Lean project delivery, BIM and Lean, Last Planner® system, Lean and trades, etc.

- Owners' panel
- Keynote speeches
- Networking reception

"It was just what I was looking for!"

"Very helpful to learn from proven industry experts with experience in the field."

2018 attendees

It pays off to bring your team

LCI-C is offering great incentives to get your entire team educated on Lean construction. If you register six members from your firm for the **training day**, you will be reimbursed for one registration. Registering additional attendees from your firm for the **conference** will save each of them \$150 off their registration fees!

Online Learning: Cannabis & Workplace Safety

That means safety-sensitive and decision-critical positions. Managers, Supervisors and Front-line staff. Revising your policy is just the first step.

Providing education on cannabis and workplace safety is the best way to ensure worker competence and employer due diligence. Endorsed and used by the Canadian Police Knowledge Network, this course is the credible and preferred resource.

Studies show there will be a substantial increase in cannabis users post-legalization - this will impact your workplace.

Workforce awareness on this issue is your greatest defence against incidents resulting from impairment.

Empower your workforce to protect your interests - don't put your organization at risk of criminal negligence.

The following is a list of courses that are being offered by the NBCSA. If you would like to register for any of these courses please contact **Krista Jardine** at 506-627-1477, by e-mail at registration@nbcsa.ca or fax at 506-624-9581. **NOTE:** All of our courses are available in any area, providing there are sufficient numbers of interested participants or if the company (companies) wish to cover a **minimum class recovery fee** to put on the course.
New to NBCSA – Manlift Awareness On-Line!

**We have Safety Orientation, WHMIS,
 Confined Space Awareness Refresher and Fall Protection Refresher On-Line***

***Please note:** Students taking the On-Line Fall Protection Refresher are only permitted to refresh on-line once every six years. This means that if a person has taken a classroom course, when their certificate is up for expiry they can take the Refresher On-Line, however when that certificate expires they must take the classroom course.

Due to the high demand, additional courses may have been added to our schedule with more being added every week. Please check this bulletin for added dates. Dates in bold have been added to the regular schedule.

Attention Members

Re: **NB-19-036**
Major Wharf Construction 2019 - Westside Modernization
Saint John Port Authority

After our annual AGM meeting, we have had a few members asking questions regarding the noted project and how do they get involved.

This project is closing on April 11, 2019 and as an Association that works for the interest of our members, we want to make sure that those whom are interested in having their companies name put forth to please let us know.

We will be putting together an established list of Sub Contractors and Suppliers of whom are interested and submitting to the Saint John Port so they can forward it off to the interested parties (Generals) for this project.

We will need your company name, contact person and number as well as the trade. With this being on such short notice, all information is required by end of day Friday March 29, 2019.

Regards
CANBSJ

2019 PANEL

Is Your Business Ready for the Future?

4:00 – 5:30 pm May 1, 2019

Fredericton Convention Centre | Pointe Anne Room C

Josh Waite is Head of Trust & Compliance and Cyber Essentials Canada, and is currently responsible for leading and overseeing the national delivery of Cyber Essentials in Canada. Josh will discuss the increased risks to firms as a result of the automation of technology and the resources available to address these challenges.

Daniel Mills is the Assistant Deputy Minister responsible for provincial employment, training, skilled trades and public libraries with the Department of Post Secondary Education, Training and Labour. Dan will provide us with the staggering aging demographic statistics for NB and discuss the associated opportunities and challenges.

Matthew Bamicoat is the Canadian President of ARC Document Solutions, he is going to demonstrate how collaborative technology design is more efficient right through to build and provide examples of what is happening across North America.

Brandon Searle is an Engineer in Training, Asset Management at WSP, Brandon will be providing a young professionals perspective on the changing dynamic of the workplace, as the offices of the future are going to look very different. Brandon is going to discuss what he believes is important for young professionals, how to attract and retain them, and the social dynamic of having multiple generations in the workplace.

Jeff Hoyt is the Executive Director of the Climate Change Secretariat for NB, Jeff will be discussing the climate change realities here in NB, the tools that government is using to identify these vulnerabilities and information that design firms should be considering.

Moderated by
Martin Gordon, MSc.Eng., P.Eng., CPA, CMA,
Director, Asset Management, Global
Advisory at WSP and current ACEC Canada
Representative for New Brunswick
