

NEWS & EVENTS
April 17, 2020

DATE	2020 EVENTS	LOCATION
September 17, 2020	Construction Industry Golf Tournament	TBD

All in-person events are on hold until further notice.

The following is a list of courses that are being offered by the NBCSA. If you would like to register for any of these courses please contact **Krista Jardine** at 506-627-1477, by e-mail at registration@nbcsa.ca or fax at 506-624-9581. **NOTE:** All of our courses are available in any area, providing there are sufficient numbers of interested participants or if the company (companies) wish to cover a **minimum class recovery fee** to put on the course.

As part of New Brunswick Construction Safety Association's (NBCSA) continuing efforts to ensure the safety of our course participants and staff amid ongoing concerns about the impact of COVID-19 (novel coronavirus), we are taking precautions to help minimize exposures for our stakeholders.

Given the rapidly evolving COVID-19 situation, your NBCSA is suspending all in-classroom training and external audits effective Wednesday, March 18th, through Friday, April 3rd (Subject to change as new information arises.)

Our professional staff will continue to work onsite at our facility providing quality support and assistance to our stakeholders by email and phone.

Please continue to check our website, as well as our social media apps for further updates on our services.

**We have Safety Orientation, WHMIS,
Confined Space Awareness Refresher and Fall Protection Refresher On-Line***

***Please note:** Students taking the On-Line Fall Protection Refresher are only permitted to refresh on-line once every six years. This means that if a person has taken a classroom course, when their certificate is up for expiry they can take the Refresher On-Line, however when that certificate expires they must take the classroom course.

Highlights

Working with businesses and leaders to find a way through

As all of us continue to navigate through the Covid-19 pandemic, at Atlantica we've been bringing businesses and leaders together to discuss a wide range of issues, including employee health and safety, customer and market responses to the crisis, supply chain disruptions, short- and long-term economic impacts, government responses and more. *Read more*

NB Power halts requests for rate hike, smart meter rollout

NB Power is postponing a bid for a rate increase for 2020-21, and its request to implement smart meters in the province. The utility asked the New Brunswick Energy and Utilities board to delay releasing its decision on a proposed rate increase of 1.9 per cent and proposed \$92 million rollout of advanced metering infrastructure. *Read more*

Developments: New CEOs, new members

In Developments this month, The Atlantica Centre for Energy welcomes two new members while Hydro-Québec and NB Power usher in new CEOs. *Read more*

New Brunswick's development of modular reactors focus at Ottawa conference

The Canadian Nuclear Association's annual meeting in Ottawa featured a full session on small modular reactor development in New Brunswick, including presentations and panel discussions by a wide variety of stakeholders, including NB Power, the Government of New Brunswick, the University of New Brunswick and Atlantica Centre for Energy. The conference followed on the heels of the announcement in Saint John, N.B. of a new alliance dedicated to the development of small nuclear reactors and other clean energy technologies in Atlantic Canada.
