

CANB Moncton
Northeast

MEMBERSHIP BENEFITS KIT

The Construction Association of New Brunswick - Moncton Northeast (CANB-Moncton Northeast), established in 1942, is one of New Brunswick's leading business associations, representing the interests of general contractors, trade, sub-contractors, and suppliers to the construction industry at the local, provincial, and national level. The association membership includes nearly 400 businesses, mainly operating in Eastern New Brunswick.

CANB-Moncton Northeast offers a suite of essential services that make it easier for you to succeed:

We support a culture of continuous learning across the industry by providing technical and non-technical training.

We foster an environment that encourages collaboration, innovation, and adoption of standard practices to promote fairness and transparency across the industry.

We facilitate connections for our members by providing business-oriented programs, services, and resources that include first-class networking opportunities.

Training & Development

MNECA's Centre of Construction Learning enhances industry expertise by covering a wide range of courses in National Curriculum Standard areas. Catering to professionals at all career stages, our center offers comprehensive training in project management, human resources, technical skills, and leadership.

Courses are organized by key areas for easy access to relevant content, empowering professionals to excel in their roles. Committed to excellence and innovation, the center has been a trusted partner in advancing the construction industry since 2000. With over 70 courses in leadership, finance, project management, site management, contracts, technology, and HR, the center equips professionals with essential knowledge and skills.

Training is available in virtual, in-person, and hybrid formats, accommodating diverse learning preferences. Serving beyond Moncton, the center also provides training to Construction professionals across the province of New Brunswick and Prince Edward Island.

The Centre of Construction Learning (CCL) offers over 70 courses in different categories (in the grid below) to:

Advocacy

CANB-Moncton Northeast promotes the contributions and importance of the construction industry to our economy. We make the views of construction-related firms known to governments, legislators, the media and the public. Membership in the Association allows you to have a voice in this process. The Association is a member of the Construction Association of New Brunswick and the Canadian Construction Association and maintains a relationship with other construction-related associations throughout Canada.

The Association is the accredited employer's organization under the New Brunswick Industrial Relations Act and bargains on behalf of its certified members with both the Labours International Union of North America, LiUna Local 90 and the United Brotherhood of Carpenters and Joiners of America Local 1386.
