24.04 Employees do not have any interest in the Trust Fund or in the monies contributed by them or an Employer, other than a Union member's interest in his or her pension benefits. Union members are only

ARTICLE 25 PRODUCTIVITY CLAUSE

25.01 It is agreed that one of the fundamental strengths of the unionized sector in the construction industry is the high level of productivity, competency and qualifications of the unionized tradesmen. In order to maintain and promote this productivity of the construction site, the following provisions shall apply:

- (a) After hiring an employee from the Hall, an Employer, without prejudice, shall be entitled to terminate the employee's employment and refer him back to the Union, if after a reasonable period on site (normally two (2) to five (5) working days, the Employer has determined that the employee's productivity is unsatisfactory. Where an employee is so referred back to the Union, the employee, and the Union and the Employer shall be given written notification of the reason for the termination of employment.
- (b) If an employee is referred back to the union for unsatisfactory productivity by three (3) separate Employers, then the Union will ensure that the employee is given the earliest opportunity to participate in appropriate retraining or upgrading.

25.02 In assessing whether an Employee's productivity is satisfactory, the Employer acknowledges that work procedures may vary from company to company and from job site to job site, and that an Employee must be given a fair opportunity to adjust to the prevailing work procedures before any final determination can be made. If the employee's deficiency relates to his work performance rather than attendance, punctuality, or personal behaviour, he shall be given a reasonable period to correct his work before the Employer decides whether to terminate.

25.03 The purpose of this clause is to reinforce the concept of a productive work force within the construction industry. This Article shall not be interpreted and applied so as to allow piecework in the construction industry.

ARTICLE 26 SAFETY TRAINING

26.01 Both the Union and Employer recognize safety as priority and place a high value on both safe working conditions and on employees working in a safe manner. It is recognized that improving safety must be as a result of proper training and a commitment to work safe at all times.

The Employee is responsible to insure that when training/certification, or retraining/recertification, is required they make themselves available when the training is available. Failing to do so could mean a loss of their employment or dispatch status.

26.02

- (a) All employees who are duly referred to an Employer from the out-of-work list pursuant to Article 4.02, or hired pursuant to Article 4.03, will be in possession of valid safety certifications with respect to Safety Orientation (Generic), WHMIS, and Fall Arrest. It is also agreed that where deemed necessary, and as required by the Employer, employees so hired shall have valid safety certificates with respect to Confined Space (Level 1), Manlift Training and First Aid.
- (b) The Union and the Employers shall cooperate to ensure that all Employees are provided with Confined Space (Level 1) training and shall endeavour to provide such training no later than 31 March 2021. At such time if the parties agree that all Employees have had a fair opportunity to

acquire this training, Confined Space (Level 1) shall become a mandatory qualification for all Employees.

26.03 Employees who are hired pursuant to Article 4.04 shall be required to possess valid safety certifications with respect to Safety Orientation (Generic), WHMIS, and Fall Arrest but these qualifications shall be obtained at the cost of the Employer or the Employee and shall not be the responsibility of the Union to fund. In addition, they shall be required to have Confined Space qualifications in the same manner and under the same terms as outlined in Article 26.02. If Confined Space training cannot be provided for such employees before the required date of hire, they may be hired provided the Employer commits to the Union that such Employees will not be exposed to confined space work prior to training and the Employee must commit to become trained in Confined Space within a year of hire.

26.04 Notwithstanding Article 26.03, the Union may, on a case specific basis, agree to offer and fund, safety training to all Employees of a particular Employer where it is satisfied this is in the best interests of the membership and ensures that the Employer remains competitive against the non-Union sector.

26.05 Should legislated safety regulations change such that employees are required to certify, or re-certify, as the case may be, such re-training shall be the responsibility of the Union.

ARTICLE 27 ENABLING CLAUSE

27.01 The parties to this Agreement agree that from time to time particular clauses in the Agreement may cause hardship for signatory contractors in securing a share of the market place. Such being the case, the parties further agree that such clauses may be modified by mutual consent where it is deemed prudent to do so.

If either party should believe that changes are required for a particular project, they are required to notify the other party not later than one (1) week prior to the tender closing for the project, requesting a meeting of the Joint Labour Management Committee. Such a meeting shall be held forthwith with the understanding the Committee has the power to represent the parties to this Agreement and make such changes should mutual consent be found.

Notwithstanding the above, should a signatory contractor wish to discuss conditions on a particular project, the contractor must contact the Union, not less than 48 hours prior to tender closing for the project. It is understood that any agreement made shall be made available to all signatory contractors tendering on the project.

ARTICLE 28 TERM AND DURATION

28.01 If either of the contracting parties desire to alter or amend the terms of this Agreement at its termination, at least two (2) months notice shall be given previous to its expiration, and every effort shall

be made to reach settlement on or before the expiry date thereof. Agreement to remain in effect with no changes in any part thereof until a new Agreement is signed.

This Agreement shall be in effect for a term beginning August 25th, 2023, and shall continue in force until June 30, 2026, and shall automatically be renewed thereafter for successive periods of twelve months, unless either party requests the negotiation of a new Agreement by giving written notice to the other party not less than sixty (60) days prior to the expiration date of this Agreement or renewal thereof.

A written copy of the change in the normal starting and quitting times and/or lunch period will be sent by the employer to the Union's office if such normal starting and quitting times extends beyond three (3) working days' duration.

5.06 Union members must complete the regular work day regardless of the amount of work completed. This will ensure continuous productivity under this Agreement.

ARTICLE 6 – MOBILITY

6.01 There will be no mileage or room and board allowance paid to any employee working under this ISM Piecework Agreement. This will encourage local carpenters to be used from the geographical location of the jobsite.

ARTICLE 7 – SUPPLY

7.01 If the Union cannot supply sufficient piecework labour, the Employer will have the ability to hire non-Union piecework labour until the Union is able to find adequate workforce, subject to the requirement that additional drywallers must join the Union.

The total amount earned from piecework boarding rates shall be treated as the Employee's total package remuneration for the purpose of remittances.

ARTICLE 11 – CLASSIFICATION

11.01 Employees working under the ISM Piecework Agreement are to be classified depending on their drywall boarding experience.

Hours	Classification
• 0–1800	Apprentice Year 1
• 1801–3600	Apprentice Year 2
• 3601–5400	Apprentice Year 3
• 5401–7200	Apprentice Year 4
• 7201+	Journeyman

Note: The ISM signatory contractor will whenever possible, ensure that one (1) Journeyman drywaller is working with any Apprentice drywaller while working under the ISM Piecework Agreement.

ARTICLE 12 – COMPOSITION

12.01 When a Journeyman drywaller works alongside an Apprentice drywaller under this ISM Piecework Agreement, they shall divide the piecework rate between them with a 5% advantage per Apprenticeship year given to the Journeyman pieceworker. This shall be done after the 16.3% is deducted and divided in half for health, pension, and training. The remaining monies will then be divided on a 5% differential.

Example:

- Journeyman working with a Year One Apprentice: Journeyman 60.0%, Apprentice 40.0%
- Journeyman working with a Year Two Apprentice: Journeyman 57.5%, Apprentice 42.5%
- Journeyman working with a Year Three Apprentice: .. Journeyman 55.0%, Apprentice 45.5%
- Journeyman working with a Year Four Apprentice: Journeyman 52.5%, Apprentice 47.5%

ARTICLE 13 –REMITTANCES

13.01 16.3 % of total package remuneration paid under this ISM Piecework Agreement shall be deducted for health and welfare, pension, and training remittances.

13.02 Piecework remittances should be sent in with regular remittances monthly on a separate sheet which indicates hours along with health, pension, training benefits, and local and working dues.

13.03 In order to determine the hours for remittances, the Employers agree to follow the formula provided in Appendix A.

APPENDIX A

(Sample Calculation of Piecework into hours and remittances)

– one - Journeyman working with one - 1st Year Apprentice (OVER 8' UP TO 9' \$0.36)

Assuming the journeyman and apprentice hang 50 sheets per day, 5 days a week = 12000sf X 0.36 = \$4320 – 16.3% (\$704.16) = \$3,615.84

Benefits

$\$704.16/2 = \$352.08/7.08$ (the current rate for pension, health, and training) = 49.7 hours towards H+W, pension, and Training for each crew member.

The Employer will then put 49.7 hours on a remittance for each individual and multiply those hours by the health, pension, and training rate, and then send those amounts to the locations outlined in the collective agreement.

Wages

Journeyman = 60% of \$3615.84 = \$2169.50 for the journeyman (the employer will deduct 3.5% of this for working dues and also send 20 cents per hour (49.7 hours) to the Union for working dues and local dues. Taxes will then be deducted off the remaining amount).

1st Year Apprentice = 40% of \$3615.84 = \$1446.34 for the 1 st year apprentice (the Employer will deduct 3.5% of this for working dues and also send 20 cents per hour (49.7 hours) to the Union for working dues and local dues. Taxes will then be deducted off the remaining amount).
