THE AWARDS

The Construction Excellence Awards shine a spotlight on the remarkable achievements and contributions of our member firms and industry leaders. They celebrate the passion, innovation, and leadership that drive progress and shape the future of our industry. Through these awards, we honour not only outstanding accomplishments but also the groundbreaking practices that elevate industry standards. By recognizing and supporting our local talent, the awards help cultivate a collective desire to continue to build a stronger, more vibrant construction community.

AWARD CATEGORIES

To recognize the outstanding achievements of our MNECA member firms in the following categories.

HALL OF FAME

This award has been developed to recognize individuals who have demonstrated a long term commitment to the construction industry. The recipient will be someone who has made significant efforts to improving their industry and community by use of their time and expertise and has made a difference in the lives of others. This award is open to current or former owners/employees/staff of member companies.

WOMEN IN CONSTRUCTION

This individual award is presented to a woman in recognition of their achievements in program development, support of other women, contributions to the industry, and other notable accomplishments.

SUPPLIER

This company award is presented to a supplier who has demonstrated achievements and commitments to the advancement of high-quality commercial and industrial construction through the supply of first-rate products and services to the construction industry.

GREEN/ENVIRONMENTAL

This company award is presented to an member in recognition of outstanding contributions in the construction industry that prioritize sustainability and environmental stewardship. Candidates are invited to submit innovative engineering or architectural designs, construction practices, technologies, products, or environmental management systems that proactively address environmental impacts stemming directly from their roles in a project.

GENERAL CONTRACTOR

This company award is presented to a contractor in recognition of the commitment and dedication in support of New Brunswick's construction industry and, in particular, the pursuit and promotion of excellence in the General Contractors sector of the industry.

TRADE CONTRACTOR

This company award is presented to a sub-contractor that has demonstrated achievements and commitments to the advancement of high-quality commercial and industrial construction through the supply of first-rate products and services, and high-quality construction in the trade areas.

GOLD SEAL EMPLOYER

This company award recognizes a member firms' commitment to excellence in construction management through the support and promotion of employees' success in achieving Gold Seal certification, and its incorporation of the Gold Seal program into its business practices.

SAFETY

This company award honours safety excellence in the construction industry that demonstrate an unwavering commitment to safety through comprehensive access to NBCSA training programs. This award aims to recognize those who prioritize the health and well-being of their employees by providing them with the necessary knowledge and skills to maintain a safe working environment.

ABOUT US

The Moncton Northeast Construction Association, established in 1942, is one of New Brunswick's leading business associations, representing the interests of general contractors, trade and sub-contractors and suppliers to the construction industry at the local, provincial and national level. The Association membership includes nearly 400 businesses, mainly operating in Eastern New Brunswick. The Moncton Northeast Construction Association is affiliated with the Construction Association of New Brunswick and the Canadian Construction Association.

The Moncton Northeast Construction Association is dedicated to supporting our members in some of the following ways:

- Sharing plans and information on current industry projects
- Promoting industry standards
- Supporting workforce development initiatives
- Offering labour relations support and Union Agreement management
- Providing valuable membership benefits and discounts.

Through the Maritime Centre for Construction Learning (MCCL), we also offer educational and advancement opportunities to our colleagues in other construction organizations across New Brunswick and PEI including industry certifications and Gold Seal Certification supports.

The Moncton Northeast Construction Association offers our members unique opportunities to market their services and network with clients, partners, and peers through various social events and other industry-related initiatives. These events add significant value to our membership by helping companies connect with their target audience in the industry, complementing their traditional marketing strategies through relationship-building opportunities. Working together in collaboration with other Maritime construction associations, government and relevant community-based organizations, we strive to provide the best and most relevant representation for our members and support consistent industry growth and success.
