The Awards

Moncton Northeast Construction Association's annual *Construction Excellence Awards* shine a spotlight on the remarkable achievements and contributions of our member firms and industry leaders. The awards celebrate the passion, innovation, and leadership that drive progress and shape the future of our industry. Through these awards, we honour not only outstanding accomplishments but also the groundbreaking practices that elevate industry standards. By recognizing and supporting our local talent, the awards help cultivate a collective desire to continue to build a stronger, more vibrant construction community.

This formal event is a great place to network, market and celebrate. The big event will be held at the Delta Beauséjour in the heart of beautiful Downtown Moncton on Friday, October 30, 2026 with a pre-gala reception starting at 6 p.m., the Awards Gala at 7 p.m. all followed up by a great after-party with live music to continue the celebration.

CANB – Moncton Northeast Background

The ***Moncton Northeast Construction Association*** (MNECA) was established in 1942 and has established itself as one of the Province's leading business associations representing the interests of construction industry members including; general contractors, trades, sub-contractors, suppliers and distributors from local, provincial and national levels. The Association's membership includes close to 400 businesses operating in the Southeast and Northeast of New Brunswick.

MNECA exists to serve our members by; displaying plans and information on current projects in the industry by; advocating as a collective voice on issues of concern that impact the industry, developing and promoting industry standards, providing labour relations support, offering membership benefits and discount programs, giving education opportunities and providing the necessary communication to build a stronger, cohesive industry that benefits our province and society.

Through our various social events MNECA also provides our members with unique opportunities

within the industry to market their services and network to their clients, partners and peers. These events allow us to offer great value to our membership services by helping companies reach their target markets within the industry through relationship development opportunities that complement their traditional marketing strategies. A few of our social activities also include fundraising activities to help support industry related charities.

Sponsorship Opportunities

MNECA would not be able to offer all the great social events we do without the generous support of corporate sponsors like yourself. Sponsor packages for the **Construction Excellence Awards** range from \$1,000 to \$5,000 as outlined below. Our sponsorship levels include valuable incentives that will give your company generous recognition and great market exposure in our multi-faceted marketing campaign directed especially towards the leaders of the construction industry. These outlined recognition components are a suggested starting point, and we remain open to customizing recognition packages to meet your company's unique marketing ideas and requirements.

We ask that you please take the time to review these marketing opportunities and decide where your company could best benefit from a relationship with MNECA. We understand that you are approached by many interesting and worthy events and community fundraisers, and we appreciate your consideration in supporting our Association. Any surplus funds from any of our events are reinvested into special membership services and our designated charities.

We trust this information package will pique your company's interest and we look forward to exploring how we can work together to make our industry events stronger. Should you have any questions, please email our Event Management Team, **Robert Gallant** or **Kevin Macintyre** at socialevents@mneca.ca or call (506) 855-8525 to arrange a telephone or in person meeting.

*Limited sponsorship opportunities are available so early commitment is recommended.
